GOALS OF THE SCHOOL OF BUSINESS

The globalized business world is getting extremely competitive, innovative and dynamic. The School of Business (SoB) sets its goal to make the students competent to face the challenges of business world as well as non-business organizations with state-of-art knowledge, expertise and skills in diversified areas to transform those into sustainable and winning organizations. Furthermore, it aims to prepare the students to work as effective leaders and decision makers in challenging environment in different cultural settings.

OBJECTIVES OF THE BBA PROGRAM

The primary objective of the Bachelor of Business Administration program is to prepare individuals who plan their careers to be managers or administrators in business, government, and non-government organizations. The program has been designed to help potential individuals to develop analytical skills, communication skills, leadership qualities, e-business competency, entrepreneurial ability, and decision making capabilities in both ordinary courses of business and crisis situations to make the organizations competitive and sustainable. The program will promote a student's ability to evaluate business and organizational situations and to make informed and creative judgment to formulate strategic and operational plans. The emphasis, however, is on developing capabilities for managing business organizations.

ACCREDITATIONS

Dhaka Ahsania Mission established this Private University in 1995 as per permission accorded by the Ministry of Education, People's Republic of Bangladesh and the University Grants Commission of Bangladesh.
